**COVER STORY:** There's something special about a train pulling into the station during the holidays. The glow from the windows, travelers gathering their bags and the anticipation of finally arriving home. Bring a little of that magic to your railroad with the all-new WalthersMainline® GE P42. Designed to capture the distinctive look of this iconic passenger locomotive, this highly anticipated model combines authentic details, smooth performance and layout-ready reliability for an impressive addition to your modern passenger fleet. Arriving this winter, it comes available in Sound & DCC (910-21300 to 910-21310), and Standard DC (910-22300 to 910-22310), and is offered in six different paint schemes! See them all at walthers.com.

WALTHERSPROTO®

**AUTHENTIC SUPERLINER® II TRUCKS!**

### NEW Amtrak® Superliner® II Cars

Check walthers.com for current pricing.

Bring a longtime workhorse of Amtrak's long-distance fleet to your HO Scale passenger roster with WalthersProto Superliner II Cars. Based on the high-level Budd cars built for Santa Fe's *El Capitan*, Amtrak's first Pullman-Standard Superliner I cars entered service in 1979, followed by Bombardier-built Superliner II cars in 1993 and 1994. A key spotting difference is the trucks: Superliner I cars ride on coil-spring trucks, while Superliner II cars use more modern trucks with low sideframes. These upgraded trucks give Superliner II cars a smoother ride and higher speed rating. Superliner II cars serve western long-distance trains including the *California Zephyr, Southwest Chief, Sunset Limited* and *Empire Builder,* along with numerous regional services.

Features:

- Colors matched to Amtrak paint standards
- Simulated stainless steel finish
- Detailed window gaskets
- Full upper and lower interiors, ready for SceneMaster™ figures (sold separately)
- Factory installed overhead LED lighting on upper level
- Prototypically tinted "glass" windows
- Factory-installed grab irons for a finely detailed, ready-to-run appearance
- Working diaphragms for realistic connections between Superliner cars
- Correct 36" turned-metal wheelsets for smooth operation
- Proto MAX™ metal knuckle couplers for reliable operation

## NEW Wabash Streamlined Caboose

Check walthers.com for current pricing.

WaltherProto brings the distinctive Wabash Streamlined Caboose to HO Scale with prototype-specific details. Easily recognized by its streamlined cupola, the design was built by the Wabash Railroad's Decatur, Illinois, shops and the International Car Company. A total of 90 cabooses were constructed for the Wabash, while the Ann Arbor and Detroit, Toledo & Ironton also purchased examples. Following Norfolk & Western's acquisition of the Wabash in 1964, many continued serving their new owner into the 1970s. The Chicago & Eastern Illinois also rostered a streamlined caboose of a similar design.

**NEW PAINT SCHEMES!**
**NEW CAR NUMBERS**

Features:
- Detailed interior with clear window glazing
- Factory-installed wire grab irons, handrails, smokejack, roofwalk and other separately applied details for a prototype-accurate appearance out of the box
- Detailed underbody with separately applied AB brake equipment, including brake cylinders and rigging
- See-through running boards
- See-through end platforms where appropriate
- Etched-metal, see-through step treads
- Murphy or diagonal-panel roof, as appropriate for the prototype
- Rounded- or square-window end doors, as appropriate for the prototype
- As-built or modernized smokejack, as appropriate for the prototype and era
- Swing-motion trucks
- 33" RP-25 metal wheels for reliable operation
- Minimum radius: 18" (22" recommended)
- Proto MAX™ metal knuckle couplers

**NEW ACF 50' Exterior Post Boxcar**
Check walthers.com for current pricing.
Serve a wide variety of lineside shippers with the WalthersMainline HO Scale ACF 50' Exterior-Post Boxcar. As industrial shipping needs grew during the 1970s, railroads faced a shortage of suitable equipment. ACF and other builders responded with taller, wider boxcars that offered increased capacity. Designed to handle many types of freight, these versatile cars remain in service across North America with major railroads, short lines and leasing companies.
Features:
- Correct Plate B dimensions
  - 41' 3" truck centers
  - 15' 2" height
  - 10' 8" width
- Fully assembled and ready for service
- Schemes for Class I and short line railroads, plus Railbox
- Correct 33" RP-25 metal wheels for smooth, reliable operation
- Proto MAX™ metal knuckle couplers

## NEW ACF 5250 4-Bay Covered Hopper

Check walthers.com for current pricing.

The WalthersMainline HO Scale ACF 5250 4-Bay Covered Hopper brings a versatile modern freight car back to your roster. Introduced in the 1960s, the American Car & Foundry 5,250-cubic-foot design hauled granular commodities ranging from plastic pellets to grain and feed, with examples remaining in service into the 2000s. Decorated models include trough or round roof hatches and gravity or pneumatic discharge gates as appropriate for the prototype.

Features:
- See-through running boards
- Thin-profile roofwalk, stirrups, end ladders and platforms
- Correct 36" turned-metal wheelsets
- Proto MAX™ metal knuckle couplers

Previous run model shown.

## NEW 54' 23,000-Gallon Funnel Flow Tank Car

Check walthers.com for current pricing.

Model a modern "rolling pipeline" with the HO Scale 54' 23,000-Gallon Funnel Flow Tank Cars from WalthersProto. On the prototype railroad, these tank cars haul a variety of liquid products such as chemicals, heating oil, asphalt, lubricants and kerosene, as well as agricultural products like grain and vegetable oils, alcohol and feed additives. These models from WalthersProto are ideal for any modern-era layout, with details including separate body and underside details and free-rolling metal wheelsets. Additionally, these models are equipped for the first time with the all new Proto MAX™ Double Shelf Coupler, adding another level of prototypical realism and detail.

**ALL NEW DOUBLE SHELF COUPLER!**

Features:
- Ideal for modern-era layouts
- Perfect complement to many Cornerstone trackside industries, such as the 933-4136 Chemical Distributor or 933-4128 Fertilizer Distributor
- Separately applied manway and protective top filling housing with hatch and pressure relief valve
- Underbody details include separately applied wire safety rails, skid protected bottom outlet valve, steam inlet and outlet, brake equipment w/cylinder and rods, and train line
- Finely molded factory-installed railings, ladders, walkways, placards & stirrups
- 100-ton trucks with scale 36" diameter RP-25 turned metal wheelsets
- NEW! Metal Proto MAX Double Shelf Couplers

## NEW Proto MAX™ Double Shelf Coupler

Check walthers.com for current pricing.

Introducing the new Proto MAX Double Shelf Coupler from WalthersProto! Featuring all-new tooling and die-cast metal construction, these new HO Scale couplers are based on the double shelf couplers that first came into use in the 1970s. On the prototype, the distinctive shelves above and below the coupler knuckle prevent railroad cars from separating vertically or riding up and over one another during a collision or derailment. These couplers are mandated for use on cars that carry hazardous or flammable material, such as chemical, fuel, or oil tank cars.

Features:
- All-new tooling
- Fully assembled for easy installation
- Durable die-cast metal construction provides years of trouble-free operation
- Factory installed metal knuckle spring for reliable coupling
- Uncouple manually or magnetically with the factory installed trip pin
- Includes separate metal centering spring that fits standard coupler pockets

**4-Pair Pack**
920-6007

**20-Pair Pack**

**NEW First National Bank**

Check walthers.com for current pricing.

While your layout's businesses generate revenue, they need a place to store that money. Add that necessary facility with the WaltherTrainline First National Bank kit. Bank buildings often become highlights of towns, designed to project professionalism and security, as a result, they were typically constructed to high standards, both for protection and appearance, and this kit is no exception with its detailed brick and masonry exterior, ornate roof cupola, and crisp signage. It's sure to be an attractive addition to your HO Scale layout's downtown scene.

Features include:
- Molded in four colors and clear plastic
- Ornate roof cupola
- Detailed brick and masonry exterior
- Concrete sidewalk base
- *Shown assembled, painted and weathered by modeler*

# EVERYTHING FROM ENTRY TO ADVANCED

Founded in 1833, Bachmann is the largest global manufacturer of model trains, recognized and trusted by hobbyists worldwide. Bachmann USA is the oldest and most extensive division, founded almost a century before entering the model train industry! Since debuting in scale model products with Plasticville® U.S.A. structure kits in 1947, Bachmann has grown to offer one of the most comprehensive lines of ready-to-run model trains, with more than 2000 products in scales ranging from N to G. Bachmann offers products for the beginner with a wide choice of starter sets, and for the seasoned hobbyist, with highly detailed scale models featuring the latest in digital sound and lighting technology. Bachmann's product line also extends beyond trains to cover track, scenery, and both analog and digital control systems, allowing you to build and operate a complete railroad layout entirely with Bachmann products.

## BEGIN YOUR MODEL RAILROADING ADVENTURE WITH A BACHMANN STARTER SET!

Bachmann offers a full line of over 50 starter sets in a variety of scale sizes including HO, N, On30, and Large Scale. Choose from old-time steam locomotives or modern diesels and electrics, passenger cars or freight, nostalgic holiday sets, and more. Each electric train set is ready to run and comes complete with a locomotive, rolling stock, snap-fit E-Z Track®, and a power pack and speed controller - everything you need to start your own scale-size railroad system.

## LIMITED EDITION AMERICAN FREEDOM TRAIN - HO

**160-789 $699.00**

There's nothing quite like a train to bring a nation together. An entrepreneur by the name of Ross Rowland Jr. shared a similar sentiment as America's bicentennial approached. Inspired by the 1947 Freedom Train, which traveled the country following World War II, the bicentennial American Freedom Train would visit all 48 contiguous United States between 1975 and 1976 as a traveling display of American artifacts and camaraderie. The tour would make stops in 140 communities, with Southern Pacific™ GS-4 locomotive #4449 leading the charge for much of the tour. As we celebrate America's semiquincentennial and the 50th anniversary of this momentous journey, Bachmann is delighted to bring the spirit of the American Freedom Train to HO scale with this limited edition collectible train set.

## DEWITT CLINTON - HO

**160-790 $209.00**

Named for the Father of the Erie Canal, the DeWitt Clinton was the third American locomotive on record to operate under steam in public service. On August 9, 1831, the DeWitt Clinton completed its maiden journey from Albany to Schenectady, New York, in a record 38 minutes via the Mohawk and Hudson Railroad. During this trip it reached an astounding 26 miles per hour! Bachmann honors this exciting piece of early American railroad history with the only available HO scale replica of the DeWitt Clinton, arriving with a full, authentic consist of cars and an oval of snap-fit E-Z Track®.

## MCKINLEY EXPLORER - HO

**160-783 $419.00**

Alaska is one of the world's most exciting destinations to explore by rail. On the McKinley Explorer, passengers are treated to breathtaking views of the Alaskan wilderness in special Ultra-Dome cars. Manufactured by the Colorado Railcar Company, and named after Alaskan rivers, these luxurious cars offer panoramic views and premier comfort for all on board. At 18 feet 2 inches tall and 89 feet long, these are the largest dome cars currently operating in North America. This set represents the latest example of this iconic train, featuring an all-new paint scheme on the passenger cars and updated Alaska Railroad colors on the locomotive. Get on board to begin your Alaskan adventure with the new McKinley Explorer!

## CHATTANOOGA - HO

**160-626 $365.00**

There are few names more synonymous with railroading than Chattanooga. Lettered for the famous Nashville, Chattanooga & St. Louis Railroad, this 155-piece set includes everything needed to build an entire miniature scene. In addition to the 0-6-0 steam locomotive with operating smoke and selection of varied freight cars, the Chattanooga arrives with miniature figures, railroad and street signs, telegraph/telephone poles, a signal bridge, and a suburban station kit. The perfect set to recreate the romance of the steam era!

## THE KEYSTONE - N

**160-24029 $299.00**

Once heralded as the standard railroad of the world, the Pennsylvania Railroad was known throughout the country for its service and reliability; its Keystone emblem being synonymous with speed and efficiency in freight and passenger transportation. With a powerful 2-6-2 Prairie steam locomotive, classic refrigerated boxcar, coal gondola, and off-set cupola caboose, this local freight is ready to make its deliveries, swiftly traversing the small towns and countryside of the eastern United States - right on time.

## BACHMANN E-Z TRACK®....
## THE FASTEST WAY TO EXPAND YOUR TRAIN LAYOUT.

Bachmann's exclusive E-Z Track system makes set-up quick, simple and fun. No nails, screws, or special tools needed. Designed for both temporary and permanent train layouts. Modeled from AAR track engineering dimensions. Available in steel alloy rail with black roadbed, nickel silver rail with gray roadbed and our newest style, Nickel silver E-Z Track with concrete ties. E-Z Track available in straights, curves, turnouts, and more....

### THE NIGHT BEFORE CHRISTMAS® - G

**160-90037 $729.00**

There is no gift more exciting to find under the Christmas tree than a new train. Delivering its promise of magic and delight is the Night Before Christmas train set. The set arrives complete with a 4-6-0 steam locomotive (with operating headlight, smoke, and speed-synchronized sound), tender with coal load, gondola, bobber caboose, and Santa figure. Also included are a 5'4" x 4'3" oval of track, power pack, illustrated "Bach Man" instruction manual, and DVD format video instructions.

### EAST BROAD TOP - THE ROCKHILL LIMITED - ON30

**160-25026 $299.00**

Commencing operations in 1872 to transport coal from the rich mountain deposits of central Pennsylvania, the East Broad Top Railroad also played an important role as a common carrier for passengers and carload freight. Following closure in 1956, the railroad was reopened as a tourist operation which lasted until 2011 when the rails fell silent once again. In 2021, the railroad returned to service for a second time in a preserved capacity, with steam returning in 2023. Today, the line operates as the oldest and most complete surviving narrow gauge railroad east of the Mississippi and continues to grow as the original right-of-way is restored. The Bachmann Rockhill Limited includes a 2-6-0 steam locomotive and two classic East Broad Top passenger cars, paying tribute to the heritage of the East Broad Top in both common carrier and preservation eras.

## BRING YOUR LAYOUT TO LIFE WITH BACHMANN SCENESCAPES®

With the Bachmann SceneScapes® range, an entire world can be brought to life around your railroad. From trees, grass, and shrubs, to rocks, crops, and water, the SceneScapes series delivers everything needed to create a detailed scene. New arrivals in this category include tunnel portals, retaining walls, and modeling materials such as glue and plaster cloth.

## COLLECT MORE. CONNECT MORE. TRADE MORE.

**The next chapter of Titans of Steel™ has arrived!** Series Two brings 56 all-new cards celebrating even more fascinating machines, people, places and stories from the rich history of railroading. Discover new favorites, chase rarities, and trade with fellow enthusiasts to complete your collection. Plus, look for nine puzzle cards that combine to reveal a complete railroad scene, and new XTRA cards offering a deeper look at select subjects in the collection.

**HO EMD GP9 Phase II - Standard DC**

WaltherProto®. A signature diesel for your HO railroad, the WaltherProto GP9 Phase II with High Hood is a real workhorse! With revised tooling and road-specific details, the models are based on prototypes built from 1955 to 1957 (known to modelers and railfans as the "phase two" version), and many are still in service today. Each layout-ready replica features road-specific details, superb paint and lettering and the proven WaltherProto drive.

**HO Railroad Car Float**
Walthers Cornerstone.
Great addition to steam- or diesel-era harbor scenes, this detailed HO Car Float kit is typical of equipment used by many railroads to ferry cars to and from isolated areas. Waterline model has no hull, so it fits easily into new or existing scenery. Includes three plastic tracks for easy construction, and the finished model will look great with the Cornerstone Railroad Tug Boat (933-3153) and Car Float Apron (933-3068), both sold separately.
933-3152 Kit -

# 2026 WALTHERS MODEL RAILROAD SCHOLARSHIP

Wm. K. Walthers, Inc. wants to recognize the future of our hobby; the youth and young adults active in model railroading and pursuing a degree in one of the STEAM programs; Science, Technology, Engineering, Art or Math. Walthers awarded two deserving students one $2,500 scholarship each!

## MEET THIS YEAR'S WINNERS!

### PETER ABRAMOV

**Worcester Polytechnic Institute, Aerospace Engineering**

Peter is a dedicated model railroader whose layout, Maple Hill, recreates the New York Central's Boston & Albany Division based on his hometown of Framingham, Massachusetts. Through the hobby, he has developed skills in engineering, electronics, CAD, 3D printing, airbrushing, programming, and DCC installation. His passion has extended beyond the layout through sharing projects online, contributing to the New York Central System Historical Society, and assisting the Framingham History Center with its railroad archives. Model railroading has shown Peter how engineering, art, and history can work together, inspiring his passion for STEAM and the perspective he will bring to his studies at Worcester Polytechnic Institute.

### AUSTIN CONRAD

**University of North Florida, Transportation and Logistics**

Austin is a lifelong model railroader whose passion for the hobby began at an early age, inspired by his grandfathers' love of trains. Through building increasingly complex layouts, he has developed valuable skills in planning, problem-solving, patience, and attention to detail. Model railroading has also given him hands-on experience with science, technology, engineering, art, and mathematics, from electrical systems and track design to scenery and realistic operations. The hobby helped inspire him to pursue a degree in Transportation and Logistics and explore his interest in transportation operations through his studies and internship experience.

# HO Farm Details Kit

**933-3350 • In-Stock**

A farm requires many elements in order to function properly, and the Walthers Cornerstone Farm Details kit adds these elements to complete your HO scale farm scene. Buildings include a milk house, pump house and outhouse. This kit is ideal for any farm scene from the mid-1900s to the modern day, and includes detailed brick or wooden walls, separate windows, doors, and other details.

- Includes a milk house, pump house, and outhouse
- Milk houses were small, detached, or attached one-room structures used for cooling, storing, and processing raw milk
- Pump houses on farms are small, insulated, and secure buildings designed to pump water for irrigation
- Molded in one color (colors shown are painted by modeler)

Measures: Milk House: 2-25/32 x 2-25/32 x 2-1/16" 7.1 x 7.1 x 5.25cm,
Pump House: 1-3/8 x 2-15/32 x 1-7/32" 3.5 x 6.3 x 3.18cm,
Outhouse: 13/16 x 11/16 x 1-1/32" 2.04 x 1.75 x 2.59cm
